ABOUT US

Hi, I'm Whitney, an American woman living my best life on the small island of Curacao. Chasing my dream of teaching scuba diving around the world, I lived in Thailand and Australia before settling in the Caribbean.

Prior to moving outside the US, I explored careers in retail, business to business sales, law, finance, and non-profit management.

Besides diving and travel, I truly enjoy connecting with others, language, board games, and vegan food.

Thanks to befriending Gert over a shared love of scuba diving, I have also developed an appreciation of craft whiskey. I am thoroughly enjoying learning (and sampling) whiskey from around the world. My favorite scotch or whiskey will have a slightly sweet scent, a complex and evolving flavor on the palette, and of course finish warm.

Hi, my name is Gertjan "Gurt" and am 45 years old. During my day job I'm a lieutenant commander in His Netherlands Majesty's Navy.

Talking with my friend Whitney we found a mutual hobby: whiskey!

"Whisk(e)y has been a hobby to business since 2012 and I love a big variety of Scotch and USA Whiskey. The Balvenie, Talisker Copperworks and OOLA are some I enjoy a lot!"

Whitney's Whiskey

We started our company together to accomplish great things with you as our participant. We cooperate with the finest distilleries in all of the United States of America to share with you the best possible Whiskey, Bourbon and Rye.

THIS IS YOUR ADVENTURE!

The adventure commences with YOU selecting a part of one or more of our selection in casks. By doing so YOU effectively becoming part owner of the aging whiskey within. This distinctive approach not only establishes a personal connection between you and us but also with the community and the spirit, and sets the stage for an immersive and personalized journey.

HOW TO JOIN YOUR ADVENTURE

CREATE AN ACCOUNT

Find us on the website, join and fill in all information to become part of our community

YOUR CERTIFICATES OF OWNERSHIP

Once you own part of one or more of our casks, a certificate of ownership will automatically be placed in your account

EXPERIENCE THE MATURATION

Sample bottles are offered to participants so you can experience the maturation of the whiskey and cask yourself

BOTTLES FROM YOUR CASK

At the end of the journey the master distiller will bottle your cask and you can get your bottles personally at the distillery or they will be sent to your home
